

compiled by Sheila Musaji

“And We created from water every living thing.” Qur'an 21:30

“Make not mischief on the earth” Qur'an 2:11

“Mischief has appeared on land and sea because of (the meed) that the hands of men have earned, that (God) may give them a taste of some of their deeds: in order that they may turn back (from evil).” Qur'an 30:41

“There is not a moving creature on earth, or a bird that flies with its wings, but they are communities like you (humans). We have neglected nothing in the Book; then unto their Lord they shall (all) be gathered.” Qur'an 6:38

Muslims are instructed to look after the environment and not to damage it:

“Devote thyself single-mindedly to the Faith, and thus follow the nature designed by Allah, the nature according to which He has fashioned mankind. There is no altering the creation of Allah. Qur'an 30:30

This is part of a Muslims responsibility to God:

Allah is He Who raised up the heavens without any pillars that you can see. Then He settled Himself on the Throne, and constrained the sun and the moon; each one pursues its course during an appointed term. He regulates it all and explains the Signs in detail, that you may have firm belief in the meeting with your Lord. He it is Who spread out the earth and made thereon firmly fixed mountains and rivers, and of fruits of every kind He has made pairs. He causes the night to cover the day. In all this, verily, are signs for a people who reflect. Qur'an 13:2-3
